

# Nick Bennett

Nick is a technical assistant in Cleveland's life sciences team where he works closely with Adrian Bradley and Fraser Brown on a range of subject matter, principally pharmaceuticals and medical devices.

Nick assists with the drafting and prosecution of UK, European and PCT patent applications as well as with European opposition work.

Nick is based in our Reading office and enjoys working for local clients in the Thames Valley.

Nick Bennet – energising ideas for Cleveland clients since 2008.
